

Bully or bullied?

Bystander or leader?

What role do you play?

**Know
better**

**Be
better**

Whether you're a victim, perpetrator, bystander or leader, we all play a role in preventing and responding to bullying behaviour. If you're a bystander, speak up. If you're a victim, call it out or report it. If you're a leader, step in and act.

Individually and as an organisation, we need to work together to help eliminate inappropriate behaviour and build a positive workplace culture where everyone treats each other with respect. Find out more at health.vic.gov.au/KnowBetterBeBetter
