

Part D: Commonwealth funding contribution

The Victorian health system has faced a number of changes to Commonwealth funding since 2012–13. The changes to the funding arrangements announced in the 2014–15 Commonwealth Budget will continue to be applicable for the period 1 July 2017 to 30 June 2018 with funding continued to be linked to actual activity levels.

The Commonwealth funding contribution outlined the 2017–18 Commonwealth Budget was based on estimates and has since been updated by the Administrator of the National Health Funding Pool, based on latest activity estimates from States and Territories. However, given that final funding amounts are based on actual activity, there may be adjustments to funding throughout the year as a result of reconciliations and other factors outlined below.

Period: 1 July 2017 – 30 June 2018

Total		-	4,938,015

Note:

- Estimated National Weighted Activity Unit may be amended by the Department following the finalisation of the 2016–17 reconciliation by the Administrator of the National Health Funding Pool
- Activity loadings are included in the Estimated National Weighted Activity Units (i.e. Paediatric, Indigenous, Remoteness, Intensive Care Unit, Private Patient Service Adjustment, and Private Patient Accommodation Adjustment)
- In situations where a change is required to the Part D, changes to the agreement will be actioned through an exchange of letters between the Department and the Health Service Chief Executive Officer.

Ambulance Victoria and Dental Health Services Victoria do not receive a Commonwealth funding contribution under the National Health Reform Agreement. Dental Health Services Victoria receives Commonwealth funding through the National Partnership Agreement.
