Introduction

This document provides details and contact information for organisations taking part in the National Mutual Acceptance (NMA) initiative.

There are 3 sections:

- A. Certified Reviewing Human Research Ethics Committees (HRECs)
- B. Participating Research Governance Offices (RGOs)
- C. Participating Organisations

Within each section, details are provided separately for each State/Territory participating in National Mutual Acceptance.

Information for Section A

- For every NMA research project, a Human Research Ethics Application (HREA) form must be submitted electronically, with supporting documents, to the reviewing HREC. Details of submission arrangements in each state/territory are available in the *NMA Standard Principles for Operation* and *NMA Fact Sheet*.

Information for Section B

- For each site in a NMA research project, a research governance application must be submitted electronically, with supporting documents, to the site's Research Governance Office. Details of the research governance application form and submission arrangement in each state/territory are available in the *NMA Standard Principles for Operation* and *NMA Fact Sheet*.

Details on single ethical review of multi-centre research projects and National Mutual Acceptance are available on [State/Territory websites](#).
