Alcohol, smoking and substance involvement screening (ASSIST)

Purpose: to screen for hazardous, harmful and dependent use of alcohol, tobacco and other psychoactive drugs.

Introduction (Please read to consumer)

Thank you for agreeing to take part in this brief interview about alcohol, tobacco products and other drugs. I am going to ask you some questions about your experience of using these substances across your lifetime and in the past three months. These substances can be smoked, swallowed, snorted, inhaled, injected or taken in the form of pills. Some of the substances listed may be prescribed by a doctor (like amphetamines, sedatives, pain medications). For this interview, we will not record medications that are used as prescribed by your doctor. However, if you have taken such medications for reasons other than prescription, or taken them more frequently or at higher doses than prescribed, please let me know. While we are also interested in knowing about your use of various illicit drugs, please be assured that information on such use will be treated as strictly confidential.

Q8. Have you ever used any drug by injection (non-medical use)?

If YES, ask about use in past 3 months and pattern of injecting:

- If injecting less than 4 times a month in the last 3 months → Provide Brief Intervention plus ‘Injecting Risks’ card
- If injecting more than 4 times a month in the last 3 months → Further assessment & more intensive treatment

Calculate the score: For each substance (labeled a. to j.) add up the scores received for questions 2 through 7 inclusive. Do not include the results from either Q1 or Q8 in this score. For example, a score for cannabis would be calculated as: Q2c + Q3c + Q4c + Q5c + Q6c + Q7c

Note that Q5 for tobacco is not coded, and is calculated as: Q2a + Q3a + Q4a + Q6a + Q7a

Interpret the score

<table>
<thead>
<tr>
<th>Risk</th>
<th>Low (Drugs 0-3, alcohol 0-10)</th>
<th>Moderate (Drugs 4-26, Alcohol 11-26)</th>
<th>High (27 or above)</th>
</tr>
</thead>
<tbody>

<td>Treatment</td>
<td>None required</td>
<td>Further assessment, consultation with alcohol and other drug services</td>
<td>Further assessment consultation with alcohol and other drug services</td>

<tr>
<td>Referral</td>
<td>No referral</td>
<td>Referral</td>
<td>Urgent referral</td>
</tr>
