Funding Systems Development
National Health Reform Agreement

2014-15

• Payments for 2014-15, 2015-16 and 2016-17 will consist of the previous year’s payment plus 45 per cent of the growth in the efficient cost of providing the services, adjusted for the addition or removal of block services as provided in clauses A27-A30 (calculated in accordance with clause A4).

Clause A49

• The IHPA will provide advice to the Standing Council on Health on the feasibility of transitioning funding for teaching, training and research to ABF or other appropriate arrangements reflecting the volumes of activities carried out under these functions by no later than 30 June 2018.
2014-15

Classification

• Nil

Specification

• IHPA Hospital teaching and training activities data set specification (HTTA DSS) 2014–15.

2014-15

IHPA Hospital teaching and training activities data set specification (HTTA DSS) 2014–15.

- Best endeavours collection for 2014-15
- Includes only teaching and training elements
- Research items are not being collected in 2014-15
- IHPA expects that the HTTA DSS will be a required DSS for 2015–16.
- Modifications for 2015–16 will focus on minor wording amendments and the addition of research data element(s) that may be optionally collected.
Key changes

• Previously health services have submitted annual retrospective reports in excel format.

• The primary purpose of viCPlace is to assist health services to plan and administer clinical placements.

• viCPlace will also be the mechanism which the Department will be using to extract clinical placement activity data.

• Six monthly reports will be run in August (for the period Jan-June period) and in February (for the period July to Dec).

• viCPlace only collects Teaching and Training data

• A mechanism for collecting research data in 2015-16 will need to be developed
Welcome to viCPlace

viCPlace is a secure, web-based information system to assist Victorian clinical placement providers to plan and administer clinical placements with their education provider partner.
