My Health Record

We support My Health Record

This healthcare service is on track to connect to the national system in 2019.

This year, every individual with a Medicare or Department of Veterans' Affairs card will get a My Health Record unless they tell us they don't want one.

View information from other healthcare providers to help inform your clinical decisions

Save time by accessing information at the point of care

Get a more complete picture of your patient's health including their medicines, allergies, conditions and test results

Find out more at MyHealthRecord.gov.au or call 1800 723 471
