

# We are contributing to My Health Record

This healthcare service is now uploading discharge summaries, to Australia's national digital health record.

Contribute important health information accessed by other healthcare providers involved in your patient's care

Share health information securely to support your patient's continuity of care across health sectors

Help your patients, particularly those with chronic and complex conditions to better manage their care

Find out more at [MyHealthRecord.gov.au](http://MyHealthRecord.gov.au) or call 1800 723 471

By the end of 2018, every Australian will have a My Health Record unless they tell us they don't want one.
