

We are contributing to My Health Record

This healthcare service is now uploading discharge summaries, pathology and radiology reports to Australia's national digital health record.

View information from other healthcare providers to help inform your clinical decisions

Save time by accessing information at the point of care

Get a more complete picture of your patient's health including their medicines, allergies, conditions and test results

Find out more at MyHealthRecord.gov.au or call 1800 723 471

By the end of 2018, every Australian will have a My Health Record unless they tell us they don't want one.
